The image shows a sunset over a field. The sun is low on the horizon, creating a bright orange and yellow glow that fills the sky. The field in the foreground is dark and silhouetted against the bright sky. The text 'L383N' is written in a large, stylized, glowing font across the center of the image, with the sun acting as a light source behind the letters.

L383N - German: le·ben ("LIFE")

Who are we?

We are two. Voice and Instruments.

What's it like?

We grew up in the 80ies - that's more or less the nostalgic point of view. Though we use modern technology our influence can be distinctively heard all over our songs. We prospered in a time before the net.

What's our point?

We have depth. We have color. Born in darkness we head towards the light.

„As long as we have trust, as long as we have faith, we will be strong and we will be invincible“

Music-Postman® wrote:

*„L383N delivers a sensible mixture 80ies-vibe synth tracks together with a highly charismatic and expressive vocalist. The message is clear: We have to move on as a species on the spiritual path and cultivate the virtues of honour, humility and forgiveness or face extinction. That's for the one who reads between the lines.“*

## - BIO -

„L383N“ is the collaboration of producer / songwriter / synth-mastermind Armin Doerfler ([www.armindoerfler.com](http://www.armindoerfler.com)) and vocalist Hans Wutzas. They met in Munich in the early 1990ies and worked together on different projects ranging from theatrical production to Alternative / ProgressiveRock.

Inspired by new wave classics like Ultravox and Gary Numan „L383N“ takes the tonal heritage of that era and contraposes it with the red-hot subject of our times:

The post-industrial world of pure profit-oriented thinking vs. the holistic and ethical scope of mind of the growing spiritual evolution. A change which is inevitable for the survival of humanity.

„Act One“ is the story of a man facing the different stages of spiritual progression and all his obstacles. Uplifting and motivating for the one who follows his own path.

„As long as we have trust, as long as we have faith“ are lines from the 2017 synthpop debut album „Act One“ of Munich based duo „L383N“. For certain, these songs are more than simple pop tunes: Catchy synth tracks with clearly retro-influenced sound design work and charismatic vocals carry the essence of the next evolutionary step of humankind - the path of spiritual progression.
